WELCOME NOTE FOR PARENTS

D. P. Galstaun
(Director, St. Karen's Senior Secondary School)

Dear Parents,
“The aim of education is the knowledge, not of facts, but of values.” —William S. Burroughs

Welcome to the St. Karen’s family!

The School has derived its name from the novel- 'KAREN' written by Marie Lyons Killilea.

St. Karen’s Schools are a minority Anglo-Indian Christian institution. The Anglo-Indian Educational society of St. Karen’s is proud to announce the commencement of the session 2026-27 of St.Karen’s Senior Secondary School, Greater Noida.

St. Karen’s Senior Secondary School is thoughtfully designed to lay the foundation of successful learners and cultivate "Values that are Valued Forever." We understand that learning is most effective when it takes place in an environment where children are not only academically engaged but also happy and secure. Our core belief is that education doesn’t transcend mere dissemination of facts and figures; it encompasses the nurturing of a lifelong love for learning, fostering curiosity, and igniting creativity.

At our school, we firmly believe that happy learners are the foundation of successful learners. As such, our passionate and dedicated educators work tirelessly to create an enriching and supportive learning environment, where each and every student feels a sense of belonging and significance. Our educational approach is centered on the principles of personalized attention, respect for individual differences, and motivation that comes from within.

THE SPIRIT OF OUR FOUNDERS

Mr. D. P. GALSTAUN and Mrs. L. B. GALSTAUN had the foresight and commitment to lay the foundation of an education institution which would cater to the needs of the society around them. They were driven by a spiritual vigor which helped them create a home away from home for a progressively growing body of students. Strict discipline combined with tender care and

understanding won the hearts of the entire student body. The school was visualized not as a well-trimmed orderly garden but a place where all kinds of plants, are given a chance to grow freely and bloom to the maximum potential. The approach of Mr. and Mrs. Galstaun to education is one of guiding, with invisible hands, so that the Karenite discovers and takes pride in his /her innate strengths. Their main emphasis was on building self esteem among the students, to help them grow into confident and responsible adults. Their counselling has contributed commendably to character building wherein the Karenites learn to discern between right and wrong, and develop a sense of righteousness and social commitment.

The founders have helped in creating well-adjusted personalities who can face the vicissitudes of life with ease and finesse. Thereby developing leadership qualities, which is so essential in the innumerable choices one has to make and the decisions one has to take in everyday life.

Their exemplary perseverance, hard work and belief in themselves led to the derivation of the School's Motto "Labour Reaps Reward."

Mrs. Sharon Galstaun
Academic Director

Message from the Academic Director

"The imagination of a child is a precious gift. Let's help them unwrap it."

We at St Karen's understand the importance of fostering imagination in children, as it is a vital part of their cognitive, emotional, and creative development. By encouraging imagination, we can help children grow into innovative, creative, and confident individuals.

As we celebrate our 1st Anniversary in our school, I want to reiterate that St Karen's with its rich history is at its core a school that celebrates 'the child'. As your child's educational partner, we want to assure you that we share your commitment to their success and well-being. We understand that trusting and collaborating with your child's school can be a journey, and we're here to support you every step of the way and ensure your child thrives in a safe and supported environment fostering growth.

As we look at our young Karenites in the classroom, we see bubbly, enthusiastic, curious minds; often listening with rapt attention to their teachers. It's a thrill to interact with our little ones to hear their excited squeals of laughter and their curious joy at a shared thought. It makes us feel elated to know that our teachers are indeed following our Karenite school culture which is nurturing the individuality of each child by allowing them to come up with their own imaginative set of impressions. We are here to support your child's unique needs and interests and celebrate their milestones and achievements together. We value your insights and perspectives and look forward to building a strong partnership, founded on trust, respect, and open communication.

Message from the Supervisor of Schools

Our class rooms have learning noise that resonates true learning. Moreover, our school takes pride in cultivating a compassionate and inclusive community. We uphold values such as empathy, integrity, and mutual respect, which form the bedrock of our school culture. Through meaningful interactions and collaborative learning, we instil in our students a profound sense of social responsibility and ethical conduct. In conclusion, our school welcomes you to a world of learning that goes beyond textbooks and exams. Our School's Promise

In halls of knowledge, where dreams take flight,
A school's true duty is to ignite
The spark within each curious mind,
To seek, to question, and to find.

Not just to teach the written page,
But guide them through life's endless stage.
To nurture hearts, both kind and true,
Where empathy and love shine through.

To help them grow, both bold and free,
In thought, in action, and dignity.
With every step, with every fall,
We're there to guide them through it all.

With hands that teach and hearts that care,
We lift them high, we guide them there—
Where they will bloom, where they will grow,
To be the best they'll ever know.
